

## Legal Notice

To avoid problems coming up in the Festival, the rules below are to be observed by all participants:

1. Smoking is strictly prohibited on the whole terrain except for the assigned smoking. Participants under the age of 18 are prohibited in the smoking area. It is also forbidden to consume alcohol anytime, anywhere on the terrain during the Festival.
2. From 22:00 onwards the Nachtruhe is to be kept. Which means those who want to sleep should not be disturbed.
3. We are not liable for your props and valuables. Gym and dormitories are accessible and not locked. It is possible that we lock away small valuables – but we don't have much space to do so. You should rather leave your valuables at home if you don't necessarily need them.
4. We are not liable for any self-induced or third-party-fault accidents during the Festival.
5. Any damage caused by either vandalism or through gross negligence will be paid for by the person responsible, their group or their coach if they violated their compulsory control.
6. The schedule for practice in tend and gym and also the practice with the choreographer is binding. We ask all groups to be on time for their assigned practice times.
7. By registering to the International Waldoni Circus Festival 2018 the participants agree that Circus Projekt Waldoni may publish photos and videos taken during the Festival for their advertisement, press work in print and digital media.
8. The persons in charge (coaches) are responsible for their group following the rules.
